

## **Litany of Resistance: Unsettle Us Lord**

Spirit of the living God  
Awaken us to the struggle  
We work so hard to ignore  
*Unsettle us Lord.*

Set us free from the constraints  
Of our own possessions  
So that we may live in freedom  
And friendship with all.

Awaken us to the pain  
We try to bury beneath  
An endless array of distraction.  
*Unsettle us Lord.*

Acquaint us, O God  
With the plight of those  
Who fight to survive everyday  
*Unsettle us Lord*

We know that it is not your will  
That the few have much  
And the many go without.  
*Unsettle us Lord*

We know that it is not your will  
That the few hoard  
What the many produce.  
*Unsettle us Lord*

We know that is is not your will  
That others should die  
So that we can have what we want.  
*Unsettle us Lord*

*Please reflect as I offer these words...*

God of grace and unfailing love,  
Draw us out of the stupor  
Of our consumer myth  
And set us on the path  
Of Generous living.

May you be our God  
And not mammon.  
May we serve you  
And not our own quests  
For wealth and prosperity.
